

CVRL Camel Milk Publications

- 141. Wernery, U., B. Johnson, H. Becker and E. Maertlbauer (2002)**
[170] Microbiological status of raw dromedary milk
J. Camel Pract. and Res. 9(1), 1-4
- 148. Wernery, U., B. Hanke, F. Braun and B. Johnson (2003)**
[177] The effect of heat treatment on some camel milk constituents.
Preliminary report
Milchwissenschaft 58(5/6), 277-279
- 201. Wernery, U., B. Johnson and A. Abraham (2005)**
[230] The effect of short-term heat treatment on vitamin C concentrations in camel milk.
Milchwissenschaft 60(3), 266-267
- 178. Wernery, U., J. Juhasz and P. Nagy (2004)**
[207] Milk yield performance of dromedaries with an automatic bucket milking machine.
J. Camel Pract. and Res. 11(1), 51-57
- 206. Wernery, U., P. Nagy, I. Bhai, W. Schiele and B. Johnson (2006)**
[235] The effect of heat treatment, pasteurization and different storage temperatures on insulin concentration in camel milk.
Milchwissenschaft 61(1), 25-28
- 208. Strasser, A., K.-J, Zaadhof, V. Eberlein, U. Wernery, and E. Märtilbauer (2006)**
[237] Detection of antimicrobial residues in camel milk-suitability of various commercial microbial inhibitor tests as screening tests.
Milchwissenschaft 61(1), 29-32
- 220. Wernery, U., J. Juhasz, B. Johnson and P. Nagy (2006)**
[249] Milk production of dromedaries milked with an automatic milking machine: Milk yield, quality control and udder hygiene.
Proc. of the Intl. Sci. Conf. on camels, Kingdom of Saudi Arabia, 10-12 May, pp. 833-844

- 230. Wernery, U., U. Maier, B. Johnson, R.M. George and F. Braun**
[259] (2006)
Comparative study on different enzymes evaluating heat treatment of dromedary milk.
Milchwissenschaft 61(3), 281-285
- 236. Wernery, U. (2006)**
[265] Camel milk, the white gold of the desert.
J. Camel Pract. and Res. 13(1), 15-26
- 161. Wernery, U. (2003)**
[190] Novel observations on camel milk.
Proc. of the 9th Kenya Camel Forum, Griftu Pastoral Training Centre, Wajir district, 17th -22nd February, pp 1-15
- 237. Stahl, T., H.P. Sallmann, R. Duehlmeier and U. Wernery (2006)**
[266] Selected vitamins and fatty acid patterns in dromedary milk and colostrum.
J. Camel Pract. and Res. 13(1), 53-57
- 241. Wernery, U., B. Johnson and W.T. Ismaily (2006)**
[270] Insulin content in raw dromedary milk and serum measured over one lactation period.
J. Camel Pract. and Res. 13 (2), 89-90
- 270. Wernery, U., B. Johnson and R.M. George(2007)**
[299] Gamma-glutamyl transferase (GGT), a potential marker for the evaluation of heat treatment of dromedary milk.
J. Camel Prac. and Res. 14(1), 9
- 291. Wernery, U. (2007)**
[320] Camel milk-new observations.
Proceedings of the International Camel Conference, Bikaner, Rajasthan, India, 16-17 February, pp. 200-204
Ed. Gahlot, T.K.
